Troubleshooting Guide...

Wrong score entered. Tap BACK Button > Use UNDO to Erase Error > Re-Enter Correct Score > Tap ENTER

Tap BACK Button to open score correction mode

Correct score then tap Enter to resume leg

Tap any previous score to correct an earlier error

Wrong starting player selected. Tap BACK button > Re-start Set and Re-Select Correct Starter

If **BEFORE** first turn is recorded - Tap BACK Button and restart set from Game Menu

If **AFTER** a turn is recorded - Tap X on Red Control Bar

Delete Game and Re-Start Set from Game Menu

Wrong winner recorded. Tap BACK button > Correct Error (Insert Miss)

This can only be corrected if game still shows end of leg/set screen - Tap BACK TO GAME

Most likely cause is unrecorded miss when shooting for doubles. Tap INSERT MISS

If ALTERNATE button does not appear between legs, check Tournament Settings:

Screen frozen and unresponsive. Refresh.

Tap the Refresh Icon on the Red Control Bar

OR

Press Home Button

Relaunch the app
